1. **Mamta/Tabi Region:** On June 10, 2023, head of the executive of ULMWP Provisional Government of the Mamta/Tabi Region, Mr. Beny Yantewo and his staff through written and oral statements in audio visual stated that they support the political declaration of support for West Papua's full membership in the MSG. Mr. Beny Yantewo said:

*“The Mamta region is an area directly adjacent to the territory of one of the Melanesian [MSG] member countries, namely the country of Papua New Guinea. I, as the head of executive of the ULMWP Prov. Gov for the Mamta Region, support ULMWP being accepted as a full member at this year's Summit-MSG [2023]”*

*“ULMWP must be accepted as a full member of the MSG, so that communication or dialogue between the Indonesian government and ULMWP as a political representation of the Papuan people in resolving the Papua conflict can be achieved, in order to find a peaceful and dignified solution. This is God's timing, so the Indonesian government no longer needs to act repressively. We welcome this momentum peacefully”*

2. **Saireri Region:** On June 6, 2023, head of the executive of ULMWP Provisional Government of the Saireri Region, led by Mr. Edison Kendi, along with his staff and a number of representatives of the West Papuan people of the Saireri region, stated that they supported the ULMWP's political declaration of full membership in the Melanesian Spearhead Group (MSG) which took place on June 4, 2023 in Port Numbay. *“Leaders of Melanesia [MSG member countries] can no longer close their eyes and ears. Moreover, our territory continues to be controlled by Indonesian transmigrants who enter and our forests continue to be destroyed. There are many international reports about this and the world should open their eyes to this, especially the leaders of the MSG countries as our neighbours”*

*“If you are slow to respond to this bad situation, it can also be the sin of other Melanesians because they are slow. Don't delay our membership at MSG. It's time for MSG to accept us as full members”*
